# THE WORLD OF INTERIORS

Portable and rechargeable, wireless and water-resistant: Paola Petrobelli's Murano-glass lamps for Green Wolf Studio are as innovative as they are vibrant. Using colour and light - twin pillars of the arts of her native Venice - she reprises age-old blowing techniques, used to create glass on the lagoon since the 13th century, to glowing futuristic ends. Shown: 'Ametista II', £360. Visit [greenwolf.co.uk](http://greenwolf.co.uk) [DL]
